

U. S. STEEL CORPORATION WILL FIGHT TO FINISH

DECLARES ELBERT H. GARY BEFORE SENATE COMMITTEE

Sole Issue in Nationwide Strike Is the Right of Man to Work Irrespective of Whether He Was Member of Labor Union—Steel Magnate Reviews Conditions Leading Up to Great Strike—Assails Labor Leaders.

WASHINGTON, Oct. 1.—Declaring that the question of the open shop—the right of a man to work irrespective of whether he was a member of a labor union—was the sole issue in the nationwide steel strike, Elbert H. Gary, chairman of the board of the United States Steel corporation told the senate committee investigating the strike today that his corporation would never yield. Even now, he said, the strike is failing.

"There was no reason for this strike," Mr. Gary said. "The men did not want it. It was forced on them from the outside, by the organizers of labor unions. The open shop is the question here, the right to bring about fullest production with only the interests of the employee, the employer and the public in sight."

Labor leaders, he told the committee, were seeking to unionize all industry in the country. Should their efforts be successful, he asserted, industrial decay would follow.

"It means the condition I fear England is in today," he added, "tho I have hopes she will come out of it."

Mr. Gary had not concluded his testimony tonight and will be examined again tomorrow. He gave way for an hour today to several employees of the corporation's mills who told the committee they knew of no reason for the strike. All agree that the men who voluntarily responded to the strike call were mostly foreigners and one of them, John J. Martin, a Youngstown machinist, attacked the leaders of the National Steel Workers' committee.

"I think John Fitzpatrick (chairman of the workers' committee), with W. Z. Foster, (secretary of the committee) as an able assistant, are heading a band of buccaners who will overthrow this government if they are not stopped," said Martin, who explained that he himself formerly was a union man. They were engaged, he said, in scuttling the American Federation of Labor.

Martin Testifies.
Martin testified that the steel employees at Youngstown, "American and foreigners alike," had been terrorized by threats to burn houses and kill children. Mr. Gary also said, in the course of his testimony, that the company had much hearsay evidence that such threats had been made against the men would not join in the strike.

In the course of his testimony, Judge Gary reviewed conditions leading up to the strike and discussed at length the refusal to meet the steel workers' national committee. To have negotiated with the committee, he said, would have been a departure from the company's policy to treat directly with its employees and would have "damaged the prestige of the open shop policy."

Discussing this point with Senator Borah, Republican of Idaho, he said conditions might arise under which he might talk with union leaders not employed by the company.

Provided they said fairly that they represented fifteen per cent of the men employed, for instance, he said, "I might discuss the wishes of that fifteen per cent with them."

Mr. Gary brushed aside the charges of union leaders that the corporation had mistreated its men, with the statement that in no basic industry in the world were the men better treated or paid higher wages. Later he went into welfare work of the company among its employees and presented figures to show that employees generally received approximately three times as much now as they did in 1914.

Pressed by Senator Kenyon.
Altho pressed by Senator Kenyon, chairman of the investigating committee, Mr. Gary refused to discuss the efforts by President Wilson to bring about an understanding between the corporation officials and the union leaders and avert the strike.

"When no president communicates with a private citizen," he said, "it isn't courtesy for the person so approached to say what the communication was."

Reverting at the end of the day to his general view of the situation, Mr. Gary said: "The general public now requires increased production. That may even necessitate increased hours up to the limit set by the willingness of workers and their health. But there is no use of talking about increased wages and decreased production and at the same time roasting about rising prices. I'm in favor of rising prices, but there comes a time when there is a limit."

My view prices are too high now. The right way is to lower them first and wages last. That is the duty of the steel industry," Mr. Gary said.

FINALLY AGREE ON ENFORCEMENT OF PROHIBITION

House and Senate Conferees Break Long Deadlock

**EXPECT AN
EARLY VOTE**

WASHINGTON, Oct. 1.—Breaking a two weeks deadlock, senate and house conferees reported an agreement late today on the prohibition enforcement bill. Approval of the conferees' report is expected by leaders to follow quickly and the measure may go to the president early next week.

The bill, which established one half of one per cent as the maximum alcoholic content of beverages, was passed by the house on July 22 and by the senate on Sept. 15. The conference will be acted on first by the senate to which it would be reported on Friday and then sent to the house. The bill will be returned from conference without fundamental changes in its plan for strict prohibition law and the constitution amendment by the commissioner of internal revenue and the department of justice. Provisions for manufacture and sale of industrial spirits and of spirits for sacramental and scientific use are retained by rigorous safeguards against manufacture and sale of drink for any other purpose are provided. The conferees, however, succeeded in retaining virtually every one of the 285 liberalizing provisions adopted by the upper house which comprise mostly administrative measures. The principal liberal amendment of the senate permitting home manufacture and consumption of cider and light wines was adopted.

The principal conference dispute over imposition of the burden of proof in prosecutions, the senate managers were successful for the bill as agreed upon provides that the government must bear the burden of proof and that the conferees agreed upon provides that the government must bear the burden of proof and that the conferees agreed upon provides that the government must bear the burden of proof.

**BIG BALLOON RACE
STARTS FROM ST. LOUIS**

ST. LOUIS, Mo., Oct. 1.—The National Balloon race started here tonight at 6 o'clock. The contest going on up to 6 o'clock. The leading craft was manned by Captain Elmer G. Marchant and Lieutenant Charles S. Powell, aide of St. Louis. After rising about 400 feet the bag took a northerly course.

The pilot balloon with Lieutenants James T. Neely and James B. Gordon 12th Balloon Company, U. S. A., in the basket, took the air at 5:55. The craft is a 40,000 cubic foot bag used to ascertain the fastest air currents for the contestants. Of the other nine entries in the Derby No. 2 got away at 6:05 carrying Captain Paul J. McElvaine and Bernard von Hoffman, aide, St. Louis, Mo. No. 3, piloted by William F. Assmann and Joseph M. O'Reilly, of St. Louis, rose at 6:10, followed five minutes later by No. 4, an Akron, Ohio, racer in the hands of Ralph Upson and W. T. VonOrman. All of the first four craft to start took a direction due north after reaching a height estimated at 400 feet. When last seen they were traveling on a level said by the officials to be about 1,200 of 1,500 feet higher.

**OKLAHOMA MOB
EGGS SEN. REED**

ARDMORE, Okla., Oct. 1.—United States Senator James A. Reed was egged from the stage at Convention Hall, here tonight, as he was being introduced by the mayor in preparation for his speech against the treaty and league of nations.

The crowd, more than 6,000 strong, went wild as Reed came on the stage, and all light wires to the building were cut. Cries or derision howled him down, while the audience surged upon the stage. Reed attempted to hold the floor for a few minutes, but was forced to make his exit without beginning his speech.

After several minutes of demonstration a number of women climbed upon the stage and quieted the crowd. Senator Reed could not be seen at his hotel here tonight. But it was announced that he would not attempt to deliver his address.

**DR. SPERRY'S PACER
FAILS TO PLACE**

LEXINGTON, Ky., Oct. 1.—The feature of the program of the American Trotting Breeders' association today was the Cumberland for pacers of the 2:08 class, which was won by Direct C. Burnett from the stable of Muh-py.

The 2:15 class for pacers went to Sister Nortie, which won easily in fair time and 2:15 class for trotters to Zomidotte.

Dr. J. W. Sperry's pacer More was entered in the 2:15 pace but did not finish in the money. The pacer was driven by Nate Purvines of Jacksonville, Ill.

**UNUSAL DEMANDS FOR
PENNIES**

Philadelphia, Oct. 1.—Unusual demands for pennies kept the Philadelphia mint working at full capacity in September and resulted in an enormous output, the total coinage for the month being \$8,875,000 pieces of which 44,671,000 were pennies. The output also included 380,000 quarters, 3,640,000 dimes and 7,767,000 five cent pieces.

The aggregate value of the month's output was \$1,991,000.

**PRICE INVESTIGATION
ORDERED**

Washington, Oct. 1.—Investigation of wholesale and retail prices of sugar by the federal trade commission was ordered by the house late today through adoption of a resolution introduced by Representative Tinkham, Republican of Massachusetts.

SEEK TO CONTROL SUGAR MARKET

NEGRO AGAIN ATTACKS OMAHA WHITE WOMAN

**Occurs in the Heart
of Black Belt Dis-
trict.**

Chicago, Oct. 1.—Charges that there is a combination with propaganda to control the sugar market and to bring about higher prices came from two sources today. "There is nothing in the sugar situation to justify such statements as appear in the press regarding any material advance in the price of sugar," said R. J. Poole, director of the city food bureau who recently investigated the sugar market conditions.

**SHIP CARRYING
BELGIAN KING
DROPS ANCHOR**

**Albert First Reigning
Monarch of Europe
to Land in U. S.**

New York, Oct. 1.—The Transport George Washington, bearing Belgium's rulers to America's shores, dropped anchor tonight off Sandy Hook and at dawn will proceed into New York Harbor.

Albert, soldier king, the first reigning monarch of Europe to land in the United States with Queen Elizabeth and Crown Prince Leopold will arrive at Hoboken tomorrow morning on the steamship George Washington. They will remain in the United States 26 days and in that time will travel from coast to coast, ending their tour at Washington, where they will be guests at the white house for three days. The royal visitors will be greeted by representatives of the United States and the state of New Jersey when they step ashore on what were once the piers of the Hamburg-American Line. Vice President Marshall and Mrs. Marshall will be the representatives of President Wilson and Mrs. Wilson, who will be unable to leave Washington because of illness of the nation's chief executive.

Secretary Lansing and his third assistant, Breckinridge Long will welcome them on behalf of the state department while Secretary of War Baker and General Peyton C. March, chief of staff will extend the army's greetings to one of Europe's most heroic soldiers.

Brief addresses will be made at the pier by Mr. Marshall, Governor Rhyon of New Jersey and Mayor Griffin of Hoboken.

After the welcoming ceremonies, which will be given with full military honors the Belgian rulers will be brought across the river to New York and will be lodged at the hotel where the king was a guest when he visited the city as the crown prince 21 years ago.

The first 24 hours of their stay in America will be spent in resting after their voyage across the Atlantic on the ship which carried President Wilson to the peace conference and home again.

**PITTSBURGH STRIKE
DISTRICT QUIET**

Pittsburgh, Pa., Oct. 1.—The steel strike in the Pittsburgh district developed nothing today to materially change the situation. Strike leaders and the organizers showed the usual activity in their campaign to further cripple the big plants in operation in this territory. Steel company officials had little information to impart except the daily claim that more men are constantly applying for work each day.

The Carnegie Steel company maintain that its big works at Homestead, Duquesne, Braddock and Clairton, against which the unions have concentrated their attacks, continue to increase their production.

Reports that men are returning to work in increasingly larger numbers also came from points outside of Pittsburgh and vicinity, such as New Castle and the Sharon-Farrell field.

SEE NORTHERN LIGHTS

J. E. DeFries and other residents in Jacksonville and vicinity reported the appearance last evening of the aurora borealis or northern lights in the northeastern sky. While the glow first appeared in the northeast it seemed to travel around to the southwest later.

MEET THIS AFTERNOON

A business meeting of the Rev. James Caldwell Chapter D. A. R. to hear a report of the committee of investigations regarding the purchase of the Governor Joseph Duncan home will be held with Mrs. W. L. Alexander at the Alexander Apartments this afternoon at three o'clock.

PROBATE COURT.
In the estate of John E. Wright the inventory has been filed and approved.

In the estate of C. J. Sanders, application for the discharge of the administrator was allowed.

In the estate of Mary J. Wilson, the will was admitted to probate.

A WEALTH OF AFFECTION

Raymond Keller, an eastern artist, without doubt thinks a great deal of his wife. At any rate, Mr. Keller has set a value of \$2,000,000 on her affections, which he claims were alienated by one George Lothrop, of theatrical fame. But perhaps the measure of the worth of said affections is based upon the financial standing of Mr. Lothrop, who is reputed a multi-millionaire.

DEMOCRATIC ROYALTY

King Albert and Queen Elizabeth of Belgium are visitors in the U. S. but somehow we do not look upon them as "royalty" in the same way that we have thought of other European monarchs. The king of Belgium in the world struggle showed a truly democratic spirit and a great desire that the rights of the people should be maintained. Belgium is a kingdom but as a mat-

ter of fact the people have practically all the rights that obtain in a republic. The democracy of the queen is indicated by the fact that just before the party landed she gave a dinner party in honor of the chief nurse.

SOME NAME

Employers at a meeting in Chicago organized "The Employers' Independent Industrial Commercial and Agricultural Association of America, Ltd." If there is anything in a name, this organization should succeed and have great weight in settling the questions that occasionally disturb the relationship between employers and employees.

INCREASING LIBRARY USEFULNESS

The public library is again to be open at night for the months of the fall and winter season. The night hours at the library always mean an increase in service, for there are some patrons who cannot conveniently visit the library during the daytime. The increasing use of the library as shown by the reports from month to month indicate the wisdom of the late Andrew Carnegie in establishing libraries in a broadcast way. The library statistics show too that people are coming more and more to realize the worth of the library and the fact that almost any puzzling question can be answered for them there.

PERMANENT MEMORIALS

The proposal of the Daughters of the American Revolution to have the Kirby homestead, once the home of the late Governor Duncan, become a permanent memorial is well worth consideration. A well known citizen of Jacksonville said recently that it is a matter of history that there is no other city of the size in the state of Illinois which has a record equal to that of Jacksonville.

in the contribution of prominent men made to the state.

But it is a further fact that very little has been done in the way of permanent memorials, and for that reason the city has not been given the full and due credit for the prominent men and women residents of Jacksonville who have one way or another been conspicuously identified with the making of the history of Illinois. It is to be hoped that the Daughters of the American Revolution will find some satisfactory method of carrying out the project.

THOSE SUGAR PRICES

Sugar prices continue to go higher and the difficulty of securing this commodity continues, with every prospect of conditions growing more unsatisfactory. The public would feel much better about the whole matter if some definite and enlightening statement were made setting forth the real facts as to the causes of the shortage. The trouble is that with numerous explanations given, the public doesn't know which one to believe is true and correct.

A MERITED HONOR

Brand Whitlock has been designated by President Wilson as ambassador to Belgium and the nomination has been confirmed. The war time record made by Mr. Whitlock was of a kind to entitle him to this new honor. His understanding of conditions in Belgium should increase his ability to render satisfactory service.

CARDINAL MERCIER

Something of the broad and democratic spirit which existed during the war time is approximately apparent in the welcome being given now to Cardinal Mercier and in the honors freely bestowed upon him by the American people.

Protestants are vying with Catholics in doing honor to this dignitary of the Catholic church, who through the four years of warfare showed a broadness of spirit, a willingness for personal sacrifice that made him famous throughout the world. He fought a good fight against autocracy at a time and under conditions which made the fight extremely difficult. Too much of honor cannot be paid to Cardinal Mercier.

THE BOND ELECTION

The election will be held next Tuesday, October 7. The polls of the 16 voting precincts of Jacksonville will be open from 7 o'clock in the morning until 5 o'clock in the afternoon. Men and women both have the right to vote on this question. If bonds are authorized the just debts of Jacksonville will be paid, a filtration plant will be built at the new reservoir and pure water will be possible; the water and light plants will be consolidated and large savings in operation effected.

Certainly the issues are of such importance that every voter in the city owes it to himself or herself and to the city to express an opinion.

At a recent election when the question of building a high school was before the people, not one-tenth of the voters expressed any opinion whatever. Certainly this should not be the case next Tuesday, when questions of such vital importance to the well-being of Jacksonville are under consideration. Don't leave the matter of voting to somebody else and then be dissatisfied with the results. Go to the polls and register your opinion.

OLD JACKSONVILLE

TWO STARS IN OUR HORIZON

By Ensey Moore

(Member Illinois State Historical Society)

The Journal of September 25th ultimo, had a short and admirable sketch by Henry Polk Lowenstein, of Josiah Lamborn, whom Mr. Lowenstein located as of Springfield, and dying and being buried in Whitehall.

It seems scarcely possible that any state, after the fathers of the Republic had gone, could boast of such great citizens as Illinois possessed before the Civil War.

Josiah Lamborn was one of these, but he was not alone as a resident of Jacksonville, for James A. McDougall was another of the bright stars of the Bar who shot across the horizon of Jacksonville in its early days.

Mr. Lamborn was a native of Washington county, Ky., where he was born about the time Lincoln was, and came to this state in his young manhood. He was a resident here. He had the advantage of most of his fellow lawyers, in having been educated at Transylvania University in Old Kentucky. This, added to an acute mind and marvellous tongue made him one of the brightest men ever numbered among the citizens of Jacksonville or of the Prairie State.

In the address which Gen. Murray McConnell made, at the laying of the corner stone of our present court house, May 12, 1868, that pioneer named Mr. Lamborn as having been one of our resident lawyers.

John John Moses, in the best history that we have of Illinois, speaking of the political campaign of 1838, said:

"It was a very lively campaign. Joint discussions on national questions were the order of the day—Douglas, Lamborn, John Calhoun and Linder on one side, Baker, Hardin, Lincoln and Stuart on the other, were constantly in the field, taking the stump as they followed the courts from one point to another around the circuits."

Moses, in his list of state officers, gives Lamborn as Attorney-General appointed from Morgan County, December 23, 1840, by Gov. Carlin. Singularly, he was succeeded, January 12, 1843, by James A. McDougall, also of Morgan.

Moses also said of Lamborn: "Josiah Lamborn was one of the most able, untiring, yet merciless prosecutors that ever lived."

Lamborn was often pitted in court against Col. "Ned" Baker, the matchless orator of Illinois who fell at Balls Bluffs in 1861.

Moses says: "In another murder case, where the prisoner was also defended by Col. Baker, who had made one of his most brilliant speeches, to which for two hours an enraptured audience and jury had listened, alternating between smiles and tears * * * Lamborn, knowing that, eloquent as

he was, it would be vain to answer such an effort * * * fixed upon the following plan to produce the desired effect. * * * Lamborn rose, and stating to the court that he was not feeling well, asked for an adjournment until after supper. * * * When court again convened, the room was completely filled with anxious spectators. Lamborn then staged his surroundings in a startling manner, uttered a few words most dramatically, and secured the conviction he wished for.

James Alexander McDougall was born in Bethlehem, Albany county, New York, Nov. 17, 1817. He was educated at Albany Grammar School, studied law, and settled in Pike county, this state, in 1837. As stated before, he was Attorney-General of this state from 1843 to 1846. He then engaged in engineering, and, in 1849, originated and accompanied an exploring expedition to Rio del Norte, Gila and Colorado rivers, and subsequently settled in San Francisco, California, in the practice of the law. He was elected Attorney-General of California in 1850, served several terms in the legislature, and in 1852 was chosen to Congress as a Democrat, but declined a re-nomination. He was elected U. S. Senator in 1860, served till 1867, and was chairman of the committee on the Pacific railroad.

Mr. McDougall was a supporter of Stephen A. Douglas, as a War Democrat. On the expiration of his term as Senator, Mr. McDougall retired to Albany, N. Y., where he died September 3, 1867. The writer saw him at the Delavan House in Albany, that summer.

Resident Here.

Mr. McDougall became a resident of Jacksonville soon after coming to this state and was a member of our great Fire Company in 1840. As already stated, he became Attorney-General of Illinois in 1843.

In his speech at the laying of the corner stone of our present court house, Gen. McConnell, referring back to the court house of 1830, said:

"In that old court house, also, did the kind hearted and polished gentleman, the highly talented statesman, and profound lawyer, James A. McDougall, late Senator in Congress from California, but now deceased, commence his career as a practicing lawyer."

Mr. McDougall was an attractive speaker.

Married Here.

Mr. McDougall married here a daughter of Gen. McConnell, a lady of fine and dignified appearance, and they were the parents of one daughter. Another Miss McConnell married another McDougall—said to have been related to the Senator—and they became residents of New Orleans, Louisiana.

DEATHS

Jones

The death of Miss Mary Margaret Jones occurred at the home, 1457 South Main street, Wednesday morning at 8 o'clock. The deceased was born in this city February 18, 1875, and was the daughter of the late Mr. and Mrs. E. P. Jones, long time and well known residents of Jacksonville. Miss Jones had not been strong for some time and her death was not unexpected. All her life was spent in Jacksonville and she knew but the one home, for it was there she was born and her final hours were spent.

Miss Jones attended the public school of Jacksonville, graduating at the high school and subsequently at Illinois Woman's College.

The deceased had been since her girlhood a member of State Street Presbyterian church and she was faithful in all the teachings of the church and took an active part in the work of the organization.

Surviving are a sister, Miss Blanche L. Jones; her brother, Sidney P. Jones, and a half sister, Mrs. Fred R. Coddling, of Donna, Texas.

Funeral services will be held at 3 o'clock Friday afternoon at the residence, 1457 South Main street.

Mitchell Hocking of Franklin made a trip to the city yesterday.

Several Pieces
of Fine

Overcoat
Woolens
Left Over

from Last
Fall, which
can be bought
at prices
much below this
season's
purchases.
It will pay
you to come
and see them.

OWING to material and labor shortage there will not be a great deal of variety in overcoatings this fall.

THE materials will be—

VICUNA
MELTON
KERSEY

and the colors will be black, brown and gray. STYLES will be conservative, both double and single breasted, at the pleasure of the wearer.

WHAT has been said with reference to the wisdom of buying tailored-to-measure suits, applies equally to overcoats—that it will be a long, long time before prices drop and it will be more economical to obtain an article that will wear several seasons, and look well until entirely worn out, as only tailored clothing does. You are safe in this as overcoat styles change very little.

THIEVES LEAVE CAR ON RAILROAD TRACK

Automobile of E. J. McDowd
Taken at Nichols Park and
Abandoned on Reynolds Cross-
ing Near Davis Switch—Hit By
South Bound Passenger.

Thieves stole a Studebaker car owned by E. J. McDowd of Sinclair at Nichols Park Wednesday night and abandoned it on the Reynolds crossing of the Chicago & Alton railroad where it was struck by the south bound passenger train and completely wrecked. The crew of the train stopped after hitting the car and made a search of the vicinity to see if anyone had been injured. They did not find anyone and reported the matter to the agent at Woodson.

A party from that town went to the scene and made a thorough investigation but could find no one in the vicinity. The matter also was reported to the Alton operator here and the license number given. Thru this license number the ownership was traced to Mr. McDowd by the police.

McDowd did not discover his loss until nearly midnight when he too reported the matter to the police. In company with Capt. Elliott of the night force, McDowd went to the Reynolds crossing and positively identified the car.

From appearances the car had been struck squarely on the side about the middle, and it was badly wrecked. It is evident that the thieves had killed the engine on the track and seeing the train coming abandoned the car and let the train hit it. The loss which is almost total is covered by insurance.

Capt. Elliott said last night that some young men reported at the police station that a car had been struck at the Reynolds crossing and they identified it as McDowd's car by a bent fender. The names of the young men were not learned. Capt. Elliott is of the opinion that they may know more about the affair than they told.

Merritt Oyster Supper.

The oyster supper given Wednesday night by the Ladies Aid of the Merritt M. E. church was a success in every way. The attendance was large, many coming from points as far as ten and twelve miles distant. And all had a most delightful time. At a comparatively early hour the generous supply of oysters and ice cream which the ladies had provided was exhausted and more could have been sold. The financial returns were most satisfactory, some \$50 being realized over all expenses.

Send blank either to Richard Y. Rowe, temporary chairman of the local post or to Frank Merrill, temporary secretary-treasurer. The membership drive for the American Legion is now on and so far in the drive the enrollment has totaled 600,000. Illinois has enrolled 15,000 members. Posts have sprung up all over the country to the extent of 5,000.

The American Legion is an organization for the protection and assistance of soldiers, sailors and marines who fought in the war. It stands for citizenship, individual and national efficiency, and loyalty to every American principle. All men who served in army or navy between April 6, 1917, and Nov. 11, 1918, whether in this country or abroad, and whether as officers or privates, are entitled to membership in the legion, providing their discharges are not dishonorable. The organization is civilian, not military, and officers who enter as members leave all distinction of rank behind them.

The blank printed above is an authentic copy of the application for membership printed by the legion and may be clipped from the column, filled out, and sent in.

A GARAGE FLOOR

J. F. Claus is having a temporary floor of thick plank laid over the concrete in his garage. This is for the benefit of the men who work on cars in the winter as they have to lie on their backs often while they work and the concrete is too cold for health and comfort. Strange to say, one would suppose the men do not like a pit such as is found in locomotive round houses for in that case a man has to throw his head back so far when working under a car so it is easier to lie flat on the back while working under an auto.

GREAT OLD REMEDY FOR SKIN DISEASE

S. S. S. Clears Skin of Eruptions—Drives Poison From the System

Get it fixed in your mind that skin eruptions, Scrofula, Eczema, burning, itching skin, and all skin diseases are due entirely to impure and infected blood. If the trouble was on the outside of the skin, by simply washing and keeping it clean you could obtain relief—not even ointments, lotions, and salves would be necessary. Agree with us in this belief, and your trouble can be relieved—you are entirely restored to health. S. S. S. is a purely vegetable treatment that you can secure from your own druggist—it is a blood tonic that will purify your blood and cause a most decided abatement of your

trouble, and finally make you to suffering mankind. During this period it has proven a blood purifier and tonic, has relieved thousands of cases of disease caused by poor or impure blood, and chronic or hereditary blood diseases. You be relieved, but you must take S. S. S. Take it if only pimples appear, for they denote bad blood and may be followed by sufferings from torturing eruptions. Therefore be sure. Don't take chances, don't loiter. Get S. S. S. from your druggist. If yours is a special case, write for expert medical advice. Address Medical Director, 438 Swift Laboratory, Atlanta, Ga.

DUNCAN McDONALD TALKS CO-OPERATION

Addressed Fair Sized Audience at Court House Wednesday Night—Makes Strong Statement Regarding Newspaper Advertising.

"Two billion dollars is spent annually in this country for advertising of commodities and this sum is spent not because it is necessary to sell the goods but primarily to control the editorial departments of the various publications in which the advertisements appear." This startling statement was made by Duncan McDonald in an address at the court house Wednesday evening upon the co-operative store movement.

The speaker is secretary-treasurer of the Central States Co-operative Association and president of the Illinois Federation of Labor. He has made a life study of labor conditions and has done much to bring labor to a higher standard of living conditions throughout the state.

While some of the statements of Mr. McDonald might have sounded rather startling yet he gave a splendid exposition of the co-operative movement. Speaking of the cost of placing goods on the market to the ultimate consumer Mr. McDonald said that the manufacturer hired a salesman to sell the goods to the jobbers and wholesale houses. This according to the speaker meant an expense of five or six hundred dollars per month. Then the jobber hired an army of salesmen and they went out and sold to the retailers. All of the cost of the traveling salesmen was added to the cost of the goods which the retail customer bought.

"Five million dollars annually is estimated as the expense of the salesmen who travel out of the city of Chicago alone," said the speaker. "In addition to this is \$50,000 spent by the salesmen for tips of various sorts."

Coming down then to the advertising of goods Mr. McDonald made this statement, "Two billions of dollars are spent annually to advertise commodities of life in newspapers, magazines and periodicals throughout the country. This vast sum is not needed to advertise these goods which would sell without advertising. But this sum is expended primarily for the purpose of controlling the editorial departments of the newspapers and magazines."

At this point the speaker said that one could not get much authentic information of events thru the newspapers, especially those concerning labor and capital. Yet later on he referred to an item that he read in a newspaper and which he gave his hearers as apparently authentic. Speaking of the frequent strikes and strife between organized labor and organized capital Mr. McDonald made the assertion that the money spent on both sides in such strikes would be sufficient to establish co-operative stores throughout the entire United States.

Among other things Mr. McDonald said that there are now over 3,000 co-operative stores in the United States and five whole-sale stores. These establishments have the support of many public men. He told his hearers that Governor Lowden had spoken in favor of the co-operative plan giving as his opinion that it would bring justice to all.

The United States according to Mr. McDonald is far behind other countries in the co-operative movement. But the speaker said he believed a better and brighter day was at hand. He said Russia was forming a great co-operative

NEWS OF INTEREST FROM WHITE HALL

Reception Given For Rev. and Mrs. Howard Tuesday Evening Other Items.

White Hall, October 1.—The numerous White Hall citizens who originated from Milton, Pike county, will renew old home ties during the remainder of the week at the annual Milton corn carnival to be held on Thursday, Friday and Saturday.

The board of local improvement of the city council has organized a "White Hall" committee. L. L. Laren, chairman; Engineer L. L. Caldwell, secretary; and Street Sup't. A. L. Vermillion. A resolution was adopted for approximately a mile of paving from Carlville street north along Main street to the north limits of the city, where it is to intersect the state hard road. The board desired to include Bridgeport street in the resolution, but fear that it would not get by the city council at the meeting next Tuesday night, and the work now outlined will consume the greater part of a next year.

Ed North has returned to Houston, Texas, after spending a few days in this vicinity. There seems to be an ulterior motive attached to the published statement that the Roodhouse smelter infection came from White Hall, whereas testimony of equal worth, not published, would show that the infection was brought to Roodhouse by a circus the latter part of August, a date that is newer in keeping with the outbreak than any evidence of smelter at White Hall.

THE OBSERVATORY

First blood for the Reds.

To see another man get ahead in the world and get on "the public payroll" appears to peeve some envious and less capable people.

Watch the White Sox in their great counter-attack this afternoon at the Journal bullpen board. That Chicago bunch is never licked, you know, and they may upset the dope in today's conflict. The Reds may not be strongly enough entrenched to withstand the counter.

In normal times sugar can be bought at the rate of twenty pounds for \$1. At the present time under federal regulation, the price is 12 1/2 cents per pound, which would make twenty pounds cost \$2.50. Surely that is high enough even when one considers how everything else has gone up. Consequently the talk about permitting sugar to go to a higher figure should be discouraged. Few things that have been taken over by the government have remained within the reach of the average purse, but the sugar board has managed to hold sugar somewhere near normal. This being true there is need for the board to be continued. At least there must be some federal agency that will prevent sugar from soaring to 15 and 20 cents a pound. Sugar is about as necessary in home cooking as flour and other essentials. Under no consideration should it be permitted to attain a price where ordinary people cannot afford to have it.

Residents of this vicinity had plenty of reasons to star-gaze last night with the aurora borealis flickering in the north and the balloon race being waged overhead.

The trouble is that many men are sure they are right but are so situated that they cannot go ahead.

A Prosperous Farm Renter

Traer Star Clipper: While renters are complaining about the high cost of leases of Iowa land, here is an interesting fact: A man holds a four-year lease on a north Tama stock farm of over 400 acres. The owner wanted to sell, but could not without giving possession. He approached his tenant and wanted to buy him off, but was nearly knocked senseless when that much abused gentleman demanded \$20,000. No amount of argument could induce him to take a cent less. It is needless to say that he will not get a renewal of the lease. It looks as if one renter at least is not being ground down to abject poverty.

An Argument for Peace.

New York World: A hint as to what the United States had in store for the enemy if the war had been prolonged may be found in the estimate by an army officer that it will take \$4,000,000 worth of grease to protect from rust all the artillery now in stock. In making this outlay the expenditure will doubtless be charged to war, but if the grease serves its purpose it will be a powerful argument for peace on this side of the water.

Everybody Must Help

Chicago Daily News: It is not expected too much of that industrial conference in October. Unassisted, it cannot usher in the millennium, which is large and heavy on its feet. Everybody will have to assist in the ushering by assiduously practicing the golden rule.

Reminiscences.

Boston Transcript: Doubtless it is a small per cent of our people who can remember back to those good old times when everybody used to be awakened by the cheery sound made by the cook pounding the beefsteak for breakfast.

Strange Bedfellows.

Chicago Evening Post: The wolfish activities of Rumania so recently engaged with the allies in making the world safe for democracy, remind us that war no less than politics makes strange bedfellows.

Analogous.

COL. MERRIAM, PIONEER, KILLED BY TRAIN

Civil War Veteran Saw Illinois in Making—Helped Make It.

The following pertains to a man widely known here and elsewhere. He was Lieutenant Colonel of the regiment to which L. Goheen belonged and to whom the Journal is indebted for the account.

Col. Jonathan Merriam, Illinois pioneer, former political leader and delegate from Tazewell county to the state constitutional convention at Springfield in 1870, was killed by a Chicago and Northwestern passenger train at Wheaton, where he had made his home for many years.

Col. Merriam, who was 85 years old had started to walk downtown about 4:30 in the afternoon. He reached the railroad crossing at Wheaton avenue as the train, north bound, was approaching a few hundred feet away. He did not observe it.

Few persons witnessed the accident. Death was instantaneous. The body was hurled clear of the tracks. It was taken to an undertaking establishment in Wheaton.

Recalls Picturesque Days.

Col. Merriam was one of the few remaining survivors of the picturesque days when the history of Illinois and the nation was in the making. Born in Vermont, Nov. 1, 1834, he traveled while still an infant in a prairie schooner to what was then America's frontier.

His father bought a farm in Tazewell county. It was there he grew up. He wanted an education, so he chopped wood, did chores in his spare moments and earned enough to pay his way thru college.

When the Civil War came he was one of the first volunteers. Enlisting as a private, he climbed to a lieutenant colonelcy, serving with Col. Risden Moore in the 117th Illinois infantry.

Soon after the war he began an agitation for a revision of the state's constitution, pointing out the many defects of the existing constitution. Other men followed his lead. In December, 1869, the convention convened at Springfield.

His work there made so great an impression upon the people that at the ensuing Republican convention to name candidates for congressmen, Tazewell sent a solid delegation for Merriam. Shelby M. Cullum, who represented the district, laughed at the soldier's claims. But, Merriam received the nomination by a large majority. A Democrat was elected.

In 1873 President Grant appointed Col. Merriam collector of internal revenue at Springfield. He held the office until 1882, when he resigned to enter the banking business at Pekin, Ill. He remained there eleven years.

From 1894 until 1898 he served as member of the house of representatives in the state legislature. President McKinley appointed him collector of internal revenue at Chicago in 1898. He was re-appointed by President Roosevelt in 1902. He resigned in 1906 to retire from public life.

Regular meeting of Jacksonville Lodge No. 570 A. F. & A. M. this evening at 7:30. Work. Visiting brethren welcome.

AFTER MANY YEARS

W. H. Reynolds of Chaddron, Nebraska, is spending a day or two in the city which he left 47 years ago and of course sees many changes. His father was James Reynolds and lived at first on the Russell farm near Woodson and later bought a home of his own in the south part of the county a part of his land lying in Greene county. The son clerked as a boy in Chambers' grocery, attended Whipple Academy and well remembers the great men of that day. Sturtevant, Tanner, Adams, Crampton, G. W. Brown of the Business College and others.

He has grown up with Chaddron, is mayor of the place which now numbers about 6,000. He is in the real estate business and has done well. Incidentally he remarked that the west is not nearly as unanimous for the league of nations as has been claimed. He is returning from an extended tour of the east, embracing Newark, New Jersey, Washington City, New York and other places. He found few whom he remembered and was glad to see the writer with whom he was well acquainted when a boy.

BUSINESS CHANGE IS MADE KNOWN

John D. and Muriel Cain Buy Establishment of W. D. Cody—Fred Cain to be Manager.

Announcement was made yesterday of the purchase by John D. and Muriel Cain of the business of W. D. Cody on West Court street. Mr. Cody is to retire from the business at once and the new proprietors take charge today. The establishment will be managed for the new owners by their brother, Fred Cain, and the business will be run under the name of J. H. Cain's Sons.

Complete lines of feed and flour will be handled and the service similar to that rendered at the J. H. Cain's Sons plant on West Lafayette avenue will be afforded.

Both the members of the firm and the manager are thoroughly conversant with this class of business and the public is assured service of a satisfactory kind. Mr. Cain's Sons have for years conducted an extensive retail and wholesale business in flour and feed, and the addition of this new plant means an extension of the retail business. The spacious building on West Court street is the property of Joseph DeGoveja and the lease has been assigned to the Messrs. Cain. Mr. Cody has been in business for eleven years and has conducted it in a successful way. He was not ready last night to make any statement with reference to his personal plans.

CINCINNATI TAKES OPENING GAME OF WORLD SERIES

SLAUGHTER CHICAGO WHITE SOX BY SCORE OF 9 TO 1.

Pitching and Hitting of Reuther Too Much for Gleason's Tribe—Cicotte Driven from Slab in Fourth by Avalanche of Hits by Redlegs—Great Fielding by Rousch Feature.

BULLETIN.

CINCINNATI, O., Oct. 1.—According to announcements from headquarters of both teams tonight, Claude Williams, the southpaw, will pitch for the White Sox tomorrow and Harry Sallee likewise a lefthander will work for Moran's team.

CINCINNATI, O., Oct. 1.—Cincinnati today won the opening game of the world's series from the Chicago Americans by 9 to 1. Every series develops a new idol for baseball enthusiasts and Walter Reuther, who pitched the Reds to victory, was the unanimous choice tonight. He not only held the White Sox to six scattered hits and really deserved a shutout, but rolled up a batting average of 1.000 for himself.

If there was anything in the game that was better than his hurling it was his work with the stick. Two of his three hits were mighty triples. He drove in two runs, scored one himself and was the instigator of the mad romping of Red legs around the bases in the fateful fourth. The Sox were in the fight up to that time, but when he propelled the ball into left center and romped around to third while two scored ahead of him, the heart seemed to go out of the American

League. It was a sad day for Eddie Cicotte, leading pitcher of the junior league. Never before was so decisive a beating administered to the Michigan wonder. Five runs were recorded against him in the fourth inning before Manager Gleason gave him the sign to retire. His teammates gathered round him and patted him encouragingly on the back, but he walked from the diamond with his head hanging.

Wilkinson Succeeds Cicotte

Roy Wilkinson succeeded him on the mound, while the last inning was pitched by Grover Lowdermilk, but it made little difference to the National League champions. They kept the air fairly clogged with fugitive hits while the Sox batters ran their legs off after terrific flies. After the game Gerry Hermann, owner of the Reds who came panting up the runway of the grand stand stopped long enough to remark to friends:

"Those dopesters that were figuring Cincinnati second didn't figure on our batting pitchers. We've got two more like Reuther; they're all been batting around 300 all season."

The day was clear and hot and 30,511 enthusiasts witnessed the contest. Cincinnati has always been known as thoro-going base-

ball town, supporting the home team in good season and bad, but nerves were on edge today with the importance of the struggle. This was made evident by the abrupt termination of the waves of cheering until the inundation of runs in the fourth relaxed the tension and the cheering became wild and prolonged.

Reds Score First

Cincinnati made the first tally in the first, but as Chicago immediately afterward tied the score it was still regarded as anybody's game. Cicotte started the trouble for himself by pegging Rath between the shoulders and he looked a little worried as the Reds' second baseman, a former Sox castoff, took possession of first base. The visiting twirler put one in the groove for Daubert, who singled cleanly, sending Rath to third. The latter scored on Groh's sacrifice fly to left, giving the Reds the first run of the series.

Red errors largely accounted for the Sox tally counted in the opening half. The second, Jackson grounded to Groh, who threw wild to first and the runner reached second. Felsch advanced him with a sacrifice and Gandil dropped a fly back of second and Jackson trotted home with the tying run. Thereafter Chicago threatened only twice, in the fifth and the sixth, but Reuther rose to the occasion and the danger passed.

The Fatal Fourth.

The fourth inning opened with a fly by Roush to Felsch. Duncan singled to right but was forced by Kopf. Neale hit one which eluded two infielders with as many high bounds, sending Kopf to third. Wingo singled, scoring Kopf. Reuther's first triple followed, scoring Neale and Wingo. Cicotte was plainly nervous and a conference was held in the center of the diamond. Rath was smiling as he faced the pitcher and doubled to left, putting Reuther across the plate. Daubert singled over second, scoring Rath. Five men had scored and Manager Gleason at this point sent his favorite twirler to the bench.

Wilkinson, who had taken a brief warming up, went to the mound. He was in more or less trouble much of the time, but managed to stay the slaughter until the seventh, when it was renewed. Daubert tripled into the right field crowd and scored on Groh's single to center. Roush laid down a perfect bunt to Weaver, whose throw to Gandil compelled the latter to stretch so far that the umpire called the runner safe on a close decision. Duncan grounded to Risberg and Roush was forced at second, while Groh scored on the play. Manager Gleason led forth a third pitcher in the person of Lowdermilk in the eighth and his delivery contributed one more run to the Red total. Neale greeted him with a single to left and he advanced a base on Wingo's sacrifice. Reuther then perched himself firmly on the top rung of the ladder of fame with his second triple. It rolled to the fence in center and had the pitcher excited himself he could have made it a homer. He preferred, however, not to over exert himself and stopped at third. Schalk dropped the ball a moment later and it rolled twenty feet away, but Reuther stood while the ball was being retrieved and remained to the end of the inning.

Sox Threaten.

In the fifth the visitors hit the ball viciously and got three men on bases but none reached the counting station. Gandil started with a single back of first base. Risberg sent Roush into deep water after his long drive, but he fielded not only retrieved it but held Gandil at first.

Schalk hit a stinging grounder to Groh and the little captain came up with the ball in the line to force Gandil at second. Wilkinson then grounded past second, but Rath with a pretty stop and throw retired the side.

The Sox tried it again in the next inning. After there was one out Eddie Collins singled thru Reuther and Weaver dropped a Texas Leaguer in right, Collins taking second. As Jackson came to the plate the Chicago contingent cheered, but he grounded out to Daubert unassisted. Collins and Weaver advanced on the play. It was up to "Happy" Felsch now, but his best was a fly to Neale.

Chicago never even threatened again, Reuther pitching with confidence and perfect control. Manager Gleason said that tomorrow he would probably send Claude Williams into the box, while Manager Moran of the Reds was said to have his mind made up on Hod Eller, the shine ball artist.

Managers Issue Statements

The winning and losing managers appeared equally confident for the morrow. Manager Moran said: "We got away to a flying start, beating Cicotte, Gleason's best bet and it makes no difference to my men what pitcher Gleason starts tomorrow. They said before the series that the Reds couldn't hit. Fourteen hits tell the story. The same batting drive will carry them thru to victory. This victory has given the Chicago players will find it just as hard to hit our other pitchers. Reuther deserves great credit for the victory. His batting was a surprise to me."

Manager Gleason said: "We will even up the series tomorrow. When Cicotte hit Rath in the first inning he was unnerved and was not himself thereafter. I intend to start Williams tomorrow and have every confidence that there will be a different tale to tell. Reuther should have all the credit for the victory. His batting stamps him as a second Babe Ruth. I am sure the defeat will act as an incentive to my players to win tomorrow. There are nine games to be played and one defeat doesn't mean that the series is lost."

Betting Now Even.

Cincinnati, O., Oct. 1.—After rulling 8 to 5 and 7 to 5 favorites before the start of today's game,

the White Sox were no better than even money in the betting on the World's Series here tonight.

Several wagers ranging from \$500 to \$2,500 were made on today's contest. Previous to opening game odds were given that the White Sox would win the series.

Scalpers reaped a rich harvest selling tickets for the opening contest but an hour before the game was called the speculators slashed their prices and were apparently anxious to dispose of their tickets at face value. Box seats for three games costing \$19.80 were snapped up at prices ranging from \$10 to \$60 early in the day. One visitor paid \$125 for three \$5.50 seats for today's game.

Federal authorities made one arrest and held one witness in connection with the ticket selling.

Under the law, speculators selling tickets for more than face value are obliged to pay federal war tax of fifty per cent of the amount received.

Revenue agents were stationed in hotel lobbies to watch for violations and a score of suspected scalpers were questioned.

SIMPLE HOME REMEDY ADVISED FOR ROSE AND HAY FEVER

Anyone Can Make a Pint of Trifling Sum and Used in Time May Prevent Annual Attack.

"No matter how severe your yearly attack be,

No matter how distressing or humiliating—its intensity can be reduced to a harmless, mildness,"

says a Kentucky druggist who believes from what he has seen that this simple home made remedy is a most important discovery.

He has seen the most severe and apparently unconquerable cases reduced to what might be called a mild cold in twenty-four hours.

In many cases where the patient started treatment a week or ten days before the expected attack the unwelcome yearly visitor failed to appear with anything like its usual intensity.

People who want to try this new treatment can make a pint in a few minutes.

Four one ounce of Mentholized Arcline into a pint bottle then fill the bottle with water that has been boiled. Gargle daily as directed and snuff or spray the nostrils twice daily.

That's all there is to the treatment which so many sufferers have found to be a true friend.

Mentholized Arcline in one ounce vials is dispensed by all the better pharmacies.

FASCINATING TEETH

How Every Woman Can Quickly Charm Her Friends With Lovely Teeth, Clean, White and Brilliant

If you want the cleanest of white teeth and healthy gums free from disease, an easy and quick way to get both is to use a tooth paste so effective and perfect that astonishing results usually come in a week's time.

And the cost is so little. Just 30 to any drug or department store, and get a large tube of SENRECO TOOTH PASTE for 35 cents.

Not only will it make your teeth clean and white, but it will at once remove any filmy coating, help to check the ravages of pyorrhea and banish acidity in the mouth.

It is used by thousands of dentists and its sale has been remarkable. When you visit your dentist, when you should do at least twice a year, ask him about SENRECO. It's a most delightful and refreshing tooth paste.

SHERMAN SCHOOL IS ONE OF BEST

Located Just North of City—Building and Location First Class And Pupils Are Bright and Progressive—Miss Edna Charlton Is Teacher.

A flourishing school will be found on the main highway about two miles north of town. It bears the honored name of Sherman and it is well situated. It has a good sized lot and superb trees shade the grounds.

They are large and tall but mostly soft maple and probably in time the directors will plant a few elms among them to take their places for the soft maple is not a very long lived tree.

The school building is well seated and lighted and heated by the latest improved method. It has an organ and a library. There are several good pictures on the walls and room there for several more. The next thing the directors get will probably be a set of maps of which there are none. There is a small globe and that is all the school has in the way of studying the earth's surface. Now that the map of Europe is to be changed perhaps the directors will wait a little longer for the maps of today will be somewhat out of date when things get settled down across the water.

The teacher, Miss Edna Charlton, is well engrossed in her work and tries hard to guide the young in the path of learning and from appearances she has good success.

The directors are among the solid citizens of that part of the county and progressive in their ideas. They are Messrs John Laurie, Charles S. Black and Henry H. Waltham.

The pupils are a bright set of boys and girls and paid close attention to what their visitors told them. They were warned in advance that three certain schools seemed to be ahead in the matter of questions so they would do well to think up right lively while the visitor was talking so as to be ready with their inquiries and they were, so now they will have to be added to the question roll along with East Liberty, Narrows and Trinidad. Their questions were intelligent and numerous. The pupils are:

Gladys James, Clara Murgatroyd, Marie Thomas, Thelma Waltham, Percy Sperry, Vernon Sperry, Merrill Chrisman, Earl Tomhave, Eva Thomas, Pauline Coe, Edgar James, Harry Summers, Russell Fargo, Earl Bourn, Alma Thomas, Lois Coe, Herald Tomhave, Carl James, Lela Thomas, Lena Mary Nunes, Crum Barber, Robert Barber, Floyd Sperry, Roberta Nunes, John Laurie, William Ankrum, Alta Gillis, Pearl McGowan, Loyd McGowan, Harold McGowan.

SOMETHING ABOUT WAGES. A representative of the great ready made clothing house of Hart, Schaffner & Marx of Chicago was calling on Lukeman Brothers yesterday and gave a Journal reporter some interesting facts.

His house is short of help and buildings and had contracts for several new structures. They went to the contractors and urged them to pay whatever the workmen demanded and they would make up the difference but the offer was declined. One building was well and along and by dint of hard work and overtime by the mechanics it was completed before the strike but it cost heavily. Some mechanics received \$2.25 an hour for lots of the time on overtime work.

In the manufacturing department of the firm they are employing 18,000 persons and would gladly put 5,000 more to work if they could get them. Boys under 21 are making \$65.00 a week and all work 44 hours a week with pay and a half for overtime and some take it though it is hard to get them to do it. He said some buttonhole makers get more than is paid traveling salesmen who have been with the house for some time.

He said in his own house some years ago his domestic help cost \$6.00 a week and all were satisfied. The same help now costs \$22.00 a week and there is no greater satisfaction.

In the steel works the men who are striking got from \$7.00 a day up and some get several times that sum.

A merchant who ordered a large bill of goods in July had been able to get but a small part of them from the fact that the men didn't have to work in the factory more than three or four days a week and could loaf the rest of the time and live all right on what they had. It is gratifying to see the improved condition of laboring people and note the shorter hours and increased pay they are getting, but when it comes to lowering the cost of living there should be no one to complain and meanwhile ministers and teachers, literary men and the like can go into other better paying occupations if people are not willing to pay for spiritual and mental instruction and training.

TWO WORTHY DEEDS

Two Rooms in Passavant Hospital New Wing Furnished—Keep the Good Work Going.

Two more rooms in the new wing of Passavant hospital are to be furnished thru the generosity of persons in the city and there are several yet waiting to be furnished.

Dr. Carl E. Black and family will furnish one in memory of the doctor's father, the late Dr. G. V. Black, the illustrious author and teacher of dentistry.

Mrs. Edward P. Kirby and sister, Mrs. Francis Riddle, have announced their intention to furnish a room in memory of their mother, the late Mrs. William Gallagher.

There are several yet awaiting the kindness of some persons. And don't forget either that the rooms are not yet opened for use. The contractor says they may be inspected for the remainder of the week but he wants his money before he hands over the key and he is right. So let us have at once the \$225 needed and then the thousands needed for the boiler house and laundry. The institution seems to be on the up grade and becoming better understood than ever before and should now have the united support of all the people for it is for all.

PRINCE ALBERT

YOU can't help cutting loose joyous remarks every time you flush your smokepot with Prince Albert—it hits you so fair and square. It's a scuttle full of jimmy pipe and cigarette makin's sunshine and as satisfying as it is delightful every hour of the twenty-four!

It's never too late to hop into the Prince Albert pleasure-pasture! For, P. A. is trigger-ready to give you more tobacco fun than you ever had in your smokecareer. That's because it has the quality.

Quick as you know Prince Albert you'll write it down that P. A. did not bite your tongue or parch your throat. And, it never will! For, our exclusive patented process cuts out bite and parch. Try it for what ails your tongue!

Toppy red bags, tidy red tins, handsome pound and half pound tin humidors—and—that clever, practical pound crystal glass humidor with sponge moistener top that keeps the tobacco in such perfect condition.

R. J. Reynolds Tobacco Company. Winston-Salem, N. C.

NOT MANY LEFT.

Speaking of the small number of Civil War veterans left: Frank Wigginst of Pisgah remarked yesterday that recently he visited in Iowa the town in which 85 of his company lived and there were but three left, one of them was sick in bed and another not very strong.

Do You Know That

People do not have to be suffering to consult a CHIROPRACTOR.

We all know that a CHIROPRACTOR can give relief when we do suffer but did it ever occur to you that a good time to see your CHIROPRACTOR is when you are not ailing. Many dollars can be saved in this way and days of suffering can be avoided.

You go to your Dentist at regular intervals to have teeth examined, and the same rule should apply to your spine. Go to your CHIROPRACTOR a few times a year and have your spine examined and, if necessary, have him adjust it. This is the best prevention to future bodily disorders, and very few of us have the time to be sick.

During the recent "flu" epidemic only two out of two hundred regular patients of a local CHIROPRACTOR took the disease. Do you know of any other two hundred people that were as fortunate?

Go tell your troubles to your CHIROPRACTOR he likes to hear them, and a spinal analysis and the consultation are FREE.

IRRITATED SKIN HOW TO RELIEVE IT QUICKLY

Soothe the smart of that itching, burning skin with a mild lotion of Ma-oze Antiseptic powder and warm water. It destroys the cause of skin diseases, kills the germs. Soothes the inflamed skin. Brings delightful comfort, almost at the instant it is applied. Ma-oze Antiseptic Powder contains the most powerful germ-killer known to medical science as harmless to human tissue. It's a wonderful product. It's so inexpensive that you can use it freely. A 50c package makes 25 pints of the most effective antiseptic solution. Get package from your druggist, 50c \$1.00. You'll be delighted with the results it gives.

QUICK! YOUR HAIR NEEDS "DANDERINE"

Check Ugly Dandruff! Stop Hair Coming Out and Double Its Beauty.

A little "Danderine" cools, cleanses and makes the feverish, itchy scalp soft and pliable; then this stimulating tonic penetrates to the famished hair roots, revitalizing and invigorating every hair in the head, thus stopping the hair falling out, or getting thin, dry or fading.

After a few applications of "Danderine" you seldom find a fallen hair or a particle of dandruff, besides every hair shows new life, vigor, brightness, more color and thickness.

A few cents buys a bottle of delightful "Danderine" at any drug or toilet counter.

ASPIRIN INTRODUCED BY "BAYER" IN 1900

Look for Name "Bayer" on the Tablets, Then You Need Never Worry.

If you want the true, world-famous Aspirin, as prescribed by physicians for over eighteen years, you must ask for "Bayer Tablets of Aspirin."

The "Bayer Cross" is stamped on each tablet and appears on each package for your protection against imitations.

In each package of "Bayer Tablets of Aspirin" are safe and proper directions for Colds, Headache, Neuralgia, Toothache, Earache, Rheumatism, Lumbago, Neuritis, and for Pain in general. Handy tin boxes containing 12 tablets cost but a few cents. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.

WOMEN BACKING THE SOLDIER BOYS

When the history of the war has been written, the work done by the women at home will impress itself upon this nation as few even now realize. Literally, millions of women left their homes and took up war activities into which women had never before been called, and many more at home devoted long hours at work in knitting and preparing surgical dressings for the boys "over there." Some may have worked at the expense of health and are now suffering from headaches, backaches, dragging-down pains or some derangement. It should be remembered that Lydia E. Pinkham's Vegetable Compound for more than forty years has been restoring such women to health and strength, and is now recognized as a standard remedy.

"CARRY ON!"

If Constipated, Bilious or Headachy, take "Cascarets"

Feel grand! Be efficient! Don't stay sick, bilious, headachy, constipated. Remove the liver and bowel poison which is keeping your head dizzy, your tongue coated, your breath bad and your stomach sour. Why not get a small box of Cascarets and enjoy the nicest, gentlest laxative-cathartic you ever experienced? Cascarets never gripe, sicken or inconvenience one like Salts, Oils, Calomel or harsh pills. Cascarets bring sunshine to cloudy minds and half sick bodies. They work while you sleep.

BIG MEETING OF ODD FELLOWS AT MEREDOSIA

The officers and members of the various encampments composing the Sixteenth District Encampment, I. O. O. F., Association of Illinois met in annual session at Meredosia on Tuesday.

The Degrees of Patriarchal Odd Fellowship, which teaches many biblical lessons, were given a large class of candidates. The degree staff of Ridgely Encampment No. 9, of this city, put on the work in their usual efficient manner, in their appropriate costume, representing the customs and apparel of those ancient days.

"Old Ridgely's" degree staff is composed of the following: John T. Roberts, Captain; William C. Howe, C. P.; John Schofield, S. W.; John McGlothlin, H. P.; Ernest Carter, Guide; Dr. S. J. Carter, Abriham; Ellis E. Henderson, J. W.; W. E. Ellis, F. W.; J. Edgar Boston, S. W.; Ed J. Rawlings, T. W.; John Bown, F. W.; Charles Goody, I. S.; Charles Balsley, F. G. T.; Ellis Mann, S. G. T.

Stansfield Baldwin was the regularly elected representative of Ridgely Encampment No. 9.

Charles S. Black was master of transportation and had more automobiles lined up than were necessary to carry the crowd and the paraphernalia from this city.

C. O. Bayha is the District Deputy Grand Patriarch.

An excellent dinner was served at 6:00 o'clock and a splendid fish supper at midnight, by the ladies of the Rebekah Lodge of Meredosia, in their usual pleasing manner.

Mt. Sterling was selected as the place to meet next year, the date to be set later by the officers of the association.

The officers elected for the ensuing year are as follows:

President—Edward Geschwindner, Mt. Sterling.
Vice President—H. W. Kinnett, Meredosia.

Secretary-Treasurer—Albert C. Baldwin, Jacksonville.

ESSEX Motor Cars

Look at the Essex

Do as 10,000 Owners are Doing. Compare its Qualities with Large Costly Machines, the Only Type by which Essex performance Can Be Compared.

From This Viewpoint

We ask you to ride in the Essex that you may know how it matches the performance of costlier, larger cars.

Until you have experienced its performance you will not know that it is an unusual car.

Its size and cost naturally leads you to regard it as you do other cars of similar size.

But 10,000 owners and other hundreds of thousands of motorists know that except for its price, its size and the economy of its operating cost, the Essex bears no relation to even cars of the better quality light weight medium priced class.

Choose the Essex for Performance

Any Essex owner will tell you the most inspiring things about acceleration and speed. We have many customers who tell us they prefer driving the Essex to any car they have ever known.

Its ease of operation, the power which eliminates much gear shifting, the speed that puts the Essex in the lead of any car they wish to pass, are qualities that account for much you hear among motorists.

Endurance too, Is Now Evident

Remember the Essex has seen hard service. Its performance range is so large

owners use their cars on trips heretofore undertaken only by larger cars. The Essex has shown it has no narrow limitations. It is safe to use for any trip you would undertake with any automobile.

It meets every service and Essex owners tell their friends how little attention they are required to give their cars.

Let Those Qualities Decide You

Regard the Essex in the service you expect from it, as you would any car regardless of size or cost.

If the Essex were as large as the cars whose performance it matches, the price would have to be as high.

But because it has no useless length or useless weight, costly car quality in every detail, is possible with proportionate saving in cost.

Let us show you the Essex in the way that reveals its true qualities.

There's a five-passenger touring model, a sedan for five and the roadster.

Each is as beautifully and completely done as any car you could want. Think how people endorse the Essex. The sole reason for their enthusiasm is Essex quality. Add your personal experience to what everyone is saying for the Essex.

World's Series Pitching Record

Tabulation of the pitching record of today's game shows that Ruether, winning Cincinnati pitcher, pitched 21 strikes and 29 balls, while the three White Sox pitchers—Cicotte, Wilkinson, and Lowdermilk—sent over 21 strikes and 46 balls. The record shows that Chicago batters found Ruether's pitching thirty eight times, mostly for high flies and fouls. The hard hitting Reds connected with 42 balls pitched by the three White Sox hurlers, 14 of them for safe hits. Twenty one flies and seventeen grounders were hit off Ruether, while 16 flies and 26 grounders were knocked from balls pitched by Cicotte, Wilkinson and Lowdermilk.

A grand total of 179 balls were pitched during today's game, 88 by Ruether in nine innings and 91 by Chicago pitchers in eight innings.

The record for fewest balls pitched in any one inning went to Ruether who, in the seventh inning tossed only four times.

One of these was a ball, two were high flies out and one was a grounder on which the batter was thrown out. Lowdermilk pitched the highest number of balls in any one inning when he went to the slab in the eighth. He gave ten balls, four strikes and one fly and five grounders were knocked, a total of twenty pitched balls.

Following is the pitching record of each of the four pitchers used in today's game.

World's Series Notes

John Philip Souza the bandmaster responded to an ovation from the crowd and directed the band in playing one of his favorite marches before the game was called.

Five former Cincinnati managers—Joe Tinker, Clark Griffith, Hank O'Day, Buck Herzog and Christy Mathewson—saw the Reds' victory.

Manager "Pat" Moran of the Reds yelled instructions to his base runners from the first base line, while Manager "Kid" Gleason of the Sox coached from third base.

Ruether, Neale and Daubert were the batting stars of the day, each bagging three safe blows. Ruether made two triples.

Frederick Ruether, a San Francisco merchant, was the proudest man in the grandstand. He had traveled 2,000 miles to see his son in action in the series. Manager "Pat" Moran of the Reds yelled instructions to his base runners from the first base line, while Manager "Kid" Gleason of the Sox coached from third base.

Jake Daubert was knocked out in the eighth inning when Pitcher Lowdermilk "beamed" him with a high, fast ball. Daubert, however, gamely went to first and was cheered.

Ruether retired the Sox on four pitched balls in the seventh. The day was a scorcher, more like August than October. The government thermometer registered 88, the second hottest October 1st in the history of the Cincinnati weather bureau.

Eddie Roush, National League batting champion, electrified the crowd with one handed catches. All of them were difficult chances. He had eight putouts, one less than Daubert at first base. The first ball pitched by Cicotte dug into Rath's ribs. The Chicago pitcher followed Rath to first base inquiring whether the injury was painful. He patted Rath on the back when the Reds' second baseman said he wasn't hurt. The first two balls pitched by Ruether were high and wide.

NU-BONE CORSETS

give perfect comfort and exquisite style. Women accustomed to the binding stiffness of the average corset can hardly conceive that exquisite style and perfect comfort and freedom can be had in the same corset. Nu-Bone Corsets are never sold in stores but are made from your measurements taken by a Nu-Bone Corset-ler. They are boned with the Nu-bone stay which is as strong as it is flexible and as comfortable as it is stylish in effects.

Phone or write for appointments. No obligation whatever.

When selling, sell an article worth the money.

We try and have succeeded in giving our customers more value for less money than anyone figured possible. Our large buying power, with years of experience, has made this possible.

We just unloaded another car of Hummer Manure Spreaders, a Spreader that is 100 per cent efficient. One that will pay any farmer a bigger per cent of profit on his investment than any tool he now owns.

Now is the time to get ready to clean up and spread your manure, and the right way to do it is to use the convenient, low down, extra built Hummer Spreader.

Call in and see this tool, and see why you should buy. We hold the price down. You get the benefit.

The Hummer Spreader

The right tool for the right farmer at the right business house.

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of *Chas. H. Fletcher* and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS Bears the Signature of
